

Zinio Bodegas Rioja Crianza

- Zinio's wines only use the best vineyard blocks (14% of all vineyards planted) from our mountain vineyards. The poor limestone and clay soils = low yields = high quality.
- Rioja DOCa was the first appellation in Spain to be awarded the highest category, due to its proven record for consistently producing top-quality wines. Rioja Alta has high elevations, cooler climates and is considered the best region within Rioja DOCa.
- Zinio is a great expression of the best Tempranillo grapes aged in French and American oak for 14 months. Complex ripe black fruit, coffee, tobacco and sweet spices.
- Zinio takes sustainable farming seriously, and features indigenous storks on our label as a symbol of our green practices. Zinio contributes to local stork preservation in Rioja.
