

## RADIO BOKA ROSÉ

- ★ Our Rosé is made from Tempranillo and Bobal. Two classic Spanish grapes.
- ★ You can make Rosé from any red grape. If you leave the skin in contact with the clear juice for only brief time, it only turns pink. Longer contact makes it red.
- ★ This Rosé is not sweet like White Zinfandel.
- ★ Rosé is *the everything* wine. Great to drink with friends on its own, but also really food friendly with all kinds of dishes.
- ★ This has juicy aromatic fruit like wild strawberries. It's also nicely balanced between fresh acidity and a pleasing soft richness.
