- Cava is a region located about 45 minutes south of Barcelona. Due to its proximity to the sea, it is a cooler growing region. You can think of Cava as Spain's answer to Champagne.
- Gran Castillo Brut comes from the oldest, original part of Cava.
- Like real Champagne, each of our bottles goes through a time consuming process of going through several fermentations in the bottle. That is what creates the bubbles.
- Our blend uses thirds of classic Spanish white grapes: Macabeo, Parellada & Xarello
- Brut signifies that this is a DRY sparkling wine.
